

WICHITA OFFICERS HELP CATCH ELOPERS

Man Is Wanted on Serious Charge.

AT THE CITY OF MARION

Couple Arrested While Enroute to Washington.

A telegram was received by the police yesterday from those at Marion saying that the woman with two children and a man, who eloped from that place, were caught, due to the work of the police here.

It will be remembered that a story was published in yesterday morning's Eagle to the effect that a hotel man from Marion pointed out a man and woman to Policeman George Dennis here the other day, who, it was said, had eloped from Marion, but the officer, of course, could not arrest the runaways without an order or a warrant of some description.

In answer to a telegram sent to Marion by the police the Wichita officers received a message to place the man and woman under arrest. It came too late, however. They had left Wichita, and inquiry found that tickets had been purchased at the Rock Island station and that the man, woman and children had left Wichita over that road with transportation to Tacoma, Wash.

That news was telegraphed to Marion, also the information telling which train was taken. Marion officers were at the station when the train passed through that place yesterday afternoon and the couple were arrested.

According to the story told the police by the hotel keeper, the man, whose name is Grey, is wanted on another more serious charge than that of eloping with another man's wife. It is understood to be robbery.

The woman is said to be the wife of a well-to-do farmer residing near Marion.

The man and woman left Marion at about the same time and it was suspected that they had eloped. It is thought they came direct to Wichita after leaving home, with the intention of buying through tickets and leaving Kansas for good.

WANT FEWER HOGS.

Packers Ease Up to Build Larger Packing Houses.

It was given out yesterday that the packers in this city do not want so many hogs for the next ten days as they have been getting lately.

Cudahy has had an open order for the last two months, and his buyer has been taking everything in sight. Yesterday Superintendent Brown of the Cudahy plant informed the commission men at the yards that he would want only from 400 to 500 hogs daily for a week or ten days.

It was reported at the yards that the insurance companies had told Mr. Cudahy that his insurance rate would be considerably reduced if he would build a thicker wall on the north side of his big cooler, and that Superintendent Brown had put the brick masons at work tearing it down at once. This necessitated his killing fewer hogs until the work is done.

Build will kill his usual number of hogs and while the Cudahy improvements are being made the Wichita packers will want about 2,000 hogs a week than they have been getting. California gent in an order for hogs yesterday and it this should be increased that would help to dispose of the surplus hogs, as the western markets are the only ones that can take hogs from this market at the prices the Wichita packers have been paying. Nobody would think of buying hogs on this market to ship to Kansas City, St. Louis or Chicago.

About the only thing that stops the Wichita packers buying hogs is the building of larger packing houses. Cudahy is improving and Dole is building an immense foundation for his big new machine. They are both getting ready to kill more hogs. The shippers who sell hogs on this market know that they can do better here than on any other market with their hogs and they are interested in the Wichita packers and want them to buy hogs every day in the week, Sundays excepted.

IS HE A CONVICT?

Police Have a Description That Fits Mike Fisher.

According to a description which the police received some time ago and have at headquarters, Mike Fisher, the man who is now being held at the county jail charged with burglarizing the home of C. H. Sumption, is an escaped convict from the Michigan penitentiary.

It will be remembered that Fisher was caught by the police at South Lawrence avenue while he was looking over the premises at the Sumption home in search of valuables.

The description mentioned in the foregoing is said to fit Fisher with the exception of one respect. There is a slight difference in some tattoo marks which the prisoner wears in his right fore arm. Where a smaller figure is de-

IS A LEGAL CONTRACT

Gehring & Higginson's Bond That Mi-

ona Costs Nothing Unless It Cures Dyspepsia and Increases Weight.

When you get a box of Mi-

ona, the flesh-forming food, from Gehring & Higginson, they will give you a signed bond to refund the money unless it cures dyspepsia and increases weight.

The money is simply on deposit with Gehring & Higginson and does not become theirs until you acknowledge that Mi-

ona has helped you. It is just as safe in their hands as in the First National Bank. Gehring & Higginson give you their signed bond that is a legal contract to pay back every penny that Mi-

ona has cost you, in case it does not do all that is claimed for it. The regular sized box sells for only 50c.

Mi-

ona possesses healing and soothing qualities that make it especially valuable in cases of chronic indigestion and dyspepsia. It mingles with the food you eat, aids its assimilation, builds up and strengthens the digestive organs, makes rich, red blood, builds up the wasted and emaciated form, and restores health and strength to the whole system.

Remember that in beginning the use of Mi-

ona, you do not risk a penny. Gehring & Higginson's written guarantee is an absolute protection and even though you should lose it, they will return your money without question and without argument should Mi-

ona fail to give perfect satisfaction.

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bumps in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

Testimonials of remarkable cures mailed on request. C. I. HOOD CO., Lowell, Mass.

scribed as being tattooed on the convict's arm, a larger one is carried by Fisher. The work, however, looks as if the bigger one might have been made over and since the other, so this does not prove that he is not the man wanted by the Michigan authorities. The police are in communication with the penitentiary officials and when the local officers get through with Fisher it is not at all improbable that he will not be wanted elsewhere.

TED SULLIVAN ARRIVES HERE

FORMER NATIONAL LEAGUE MAN WOULD BRING TEAM.

Manager Will Look Over Inducements and See if Proper Arrangements Can Be Made.

"Ted" Sullivan, of national baseball fame, arrived in the city last night prepared to bring his celebrated Paris, Tex., league team for the coming season, providing satisfactory arrangements can be made.

Mr. Sullivan is an elderly gentleman, perhaps fifty years, who talks business from the start. He said:

Messrs. Flaherty & Rogers solicited me to come here and try to make preparations for the bringing of my team to Wichita, as I understand it is already a member of the Southwestern League composed of three cities from Oklahoma and two of Kansas. All that remains for Wichita to do, is to get a good team. I have one and if I am offered the proper inducements I shall bring my team to this city for the coming season. I have several other cities in view and if I cannot get the proper inducements, I shall negotiate elsewhere. I will see A. J. Christman today, who I understand is interested in the Southwestern League and we will see first what can be done in the way of securing funds."

Mr. Sullivan has done nothing except play with and manage baseball teams all his life. The team which he proposes to bring to Wichita won the pennant in Texas last year and is said to be one of the fastest in the south. Prior to the time he was induced to go to Texas Mr. Sullivan was connected with the Chicago and New York national league teams.

GRASS AND FLOWERS.

Weather Man Says Wichitans Will See Each Before Long.

Forecast for Wichita and vicinity: Partly cloudy weather, with slowly rising temperature. For Kansas: Cloudy and rising temperature.

Said the weather observer: "The indications now point to warmer weather. The cold spell will gradually break and a rising temperature will take its place. I do not think that the weather is at all unsettled and if it continues as at present it will be considerably pleasant in the next few days. The coldest weather has been here, and now the next thing to look for is grass and flowers."

Clear weather is generally shown in all sections except over the middle plateau region and northern half of the Pacific coast. The area of high pressure has moved southward and formed into a ridge that extends from Manitoba southward to Kansas. The Pacific northwest storm continues central over Oregon. It has caused a general rise in temperature over the middle and northern plateau region but elsewhere the temperature changes have been slight except along the Gulf coast, where a decided fall has occurred. The precipitation in the past 24 hours has been unimportant except at Portland, Ore.

The minimum temperature for the last 24 hours was 7 degrees; the maximum, 25 degrees.

DINNER WAS SUCCESS.

Many Attended Chicken Pie Meal Given Last Evening.

The Ladies' Unitarian Alliance gave a chicken pie dinner last night from 6 to 8:30 o'clock at the church on the corner of Central and Topeka. The tables were all filled at the hour for the opening, and from then on until the last minute there were people coming in to partake of the dinner and help the ladies in their good cause.

This alliance has as its object many charitable undertakings and deserves the hearty support of the people. Last night the ladies served a most delectable dinner of chicken pie, coffee, rolls, slaw and cake. They had a very large attendance and a general good time was had by all. The receipts of this dinner will go to the church as heretofore, where it has done a great deal of good.

ANOTHER CHECK RECEIVED.

Mrs. D. A. McNicol Receives Paper for \$1,000 Policy.

Mrs. D. A. McNicol received a check for \$1,000 yesterday from Phil Bryan, the financial secretary of the Ancient Order of Pythians, that being the amount of an insurance policy which the late D. A. McNicol carried in that order.

McNicol died last night and had paid only three assessments.

ARM WAS INJURED.

Sc Poor Commissioners Helped Man on His Way.

J. R. Poorman, an old man aged 72 years, was given transportation to Fort Scott yesterday by the county commissioners.

Owing to an accident in which he injured his arm, Poorman was unable to support himself. He said that he had relatives in Missouri who would help him if he were able to reach them, so he was assisted by transportation to Fort Scott.

Another application was made to Mr. Hicklin, the county poor commissioner, but as the applicant had money enough to pay his way, the transportation was not granted. The man said that he thought he could get a half-acre tract and save what money he had, but Mr. Hicklin said that transportation was not furnished in cases of this kind.

VALENTINE DAY TO BE OBSERVED

School Children Will Celebrate Occasion Today

ALL TO EXCHANGE TOKENS

Stores Were Crowded Yesterday with Buyers

Although St. Valentine's Day does not come until Sunday, the public schools of the city will celebrate the day today. It is being planned in all the buildings to have what are known as Valentine boxes for the pupils. Each will be given a box which will contain a pretty valentine.

In some of the rooms of the various schools the pupils will exchange boxes with their names in them. The box they get will be their valentine. In this way the pupils will be able to demonstrate to their schoolmates their kindly affection and remembrance.

Some of the schools will have programs. These programs have been very carefully prepared and will be elaborate and interesting in every respect. There will be vocal and instrumental music given, which no doubt will be quite interesting. Another feature of considerable note will be explanatory talks by the teachers and by the pupils as to the origin and additional traditions concerning St. Valentine's Day. There will also be quotations from various authors in regard to what they have said and written about the day.

Yesterday after school hours the stores that carry valentines were crowded with eager girls and boys. Every one of them seemed to be desirous of getting a valentine that would make some one feel good and all were counting on a regular jubilee at school today. The comic feature in buying has been ignored considerably and it was particularly noticed that the pupils who were making purchases yesterday were buying something nice, and something which would make their homes keep an endearing feeling for them in the years to come.

So today when the hour arrives for the Valentine boxes to be given away or exchanged, and the music fills the rooms, and older minds are rehearsing the significance of celebrating the day, the school children of Wichita may know that they have been graciously remembered by their admirers and lovers, even though these lovers may be only mother, father, teacher or some philanthropically inclined person.

DEFENDANT WON CASE.

Jury Hands Down Verdict in Favor of Williams.

The jury in the case of Goodyear vs. Williams et al returned a verdict in favor of the defendant yesterday morning in the district court.

The case was one in which Goodyear brought suit for the recovery of \$20, which he claimed was due him on a promissory note secured by a mortgage. The note was paid by Williams to Frank A. Goode, now dead, but the plaintiff claimed that it was paid and received without any authority being given by him.

O. G. Eckstein and his assistant, Edward Hill, represented the defendants.

THIS IS LINCOLN DAY.

Occasion Will Not Be Observed in Wichita, Though.

This is Lincoln day—the day on which the martyred ex-President Abraham Lincoln was born.

So far as is known, the birth of one of the United States' greatest presidents will not be observed in Wichita. In the past many major holidays have been observed by the citizens to observe a holiday. With the exception of a program in honor of the ex-president by some of the various lodges, the day will otherwise be an uneventful one in Wichita.

MANUFACTURE CHRONOGRAPHS.

Company to Make a Patent Machine for Railroads.

Among the new industrial companies recently formed is one at Milwaukee, Wis., which will engage in the manufacture of a novel railroad device. This is called the railway chronograph. By the use of the device referred to, an accurate record of the trip is kept, so that it is possible after the completion of the run to ascertain the location and the rate of travel of the train at any time during the trip. The apparatus is contained in an iron box one foot square and three inches thick, which is fastened to the front of the cab. This holds a self-winding clock by means of which a tape is kept in constant motion, and by means of connections maintained with the various parts of the engine, a record is made of everything which transpires thereon.

Every stroke of the bell as well as every tick of the whistle is indicated in its proper column on the tape, and there are other columns in which are shown the time and place of each application of the brakes, and also the escape of steam by the safety valve. As the tape runs along, every tenth of a mile made by the engine is ticked off, as the time is constantly in evidence on the slip. It is readily possible to arrive at the most minute details of the trip. There is a column on the tape known as the engineer's column, on which he may make a record of anything which he thinks may be of interest. For instance, on the occasion of a trial of the instrument, the engineer noted the loss of a jam nut, and by quickly making a note of the incident, the exact location was arrived at, and the nut recovered with little trouble.

A good authority on horses says that the gray will live the longest, and that roans come next in order. Blacks seldom live to be over twenty, and creams rarely exceed ten or fifteen.

ANOTHER GERM DESTROYER.

Herpicide Is Death to Dandruff Germs.

The germ burrows into the scalp, throwing up the scales in this scaly, called dandruff, or scurf, and digging at the root of the hair, where it saps the hair's vitality. First comes brittle hair, then hairless and dead-like hair, then falling hair, and finally baldness. Nine-tenths of the hair troubles are caused by dandruff. Without dandruff, hair will grow luxuriantly, as nature intended, leaving the scalp to grow unimpeded, as it does with the American red man. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Moore Drug Co., special agents.

City in Brief

Personal and Other Items of Interest to Wichitans.

Temple Houston of Woodward, O. T., is in the city.

John Hessel, a horseman of Cheney, is in the city.

Dr. Graves' wife has been indisposed for two weeks.

John McClellan is at Los Angeles, Cal., for the winter.

Cyrus Fox, a barber from Mulvane, has moved to Wichita.

Mrs. J. M. Vootres, of 231 South Fifth avenue, is quite ill.

Tom Arnold was in Wellington yesterday calling on friends.

Mrs. Warren Dunn left yesterday over the Frisco for St. Louis.

J. T. Lafferty was in the city yesterday from Winfield on business.

Harry and Alice Carter of Salem are in the city visiting friends.

C. Q. Chandler of Medicine Lodge, was in the city yesterday on business.

Mrs. Adelle Renick is in Mulvane visiting relatives and friends this week.

W. E. Smith of Medford was in the city yesterday on important business.

J. P. Wheeler left for Mexico, Mo., last night on a several days' business stay.

Mrs. Williamson and Mrs. Dieckman of Caldwell were in the city yesterday shopping.

J. E. Cooleage of Rose Hill, who is confined in St. Francis hospital, is considerably better.

Mrs. C. R. Swisher of Wellington is in the city visiting Mr. and Mrs. Root, 411 South Water.

Fred Martin of the Hockaday Hardware company is transacting business in Kansas City this week.

Chief of Police F. S. Burt returned last night from Chicago where he has been on important business.

Mrs. W. H. Bishop of 1645 Park Place has returned from a two weeks' visit to relatives at Peoria, Ill.

Phil Norris, son of T. A. Norris, 411 North Lawrence, is recovering from a severe attack of pneumonia.

Mrs. Myrtle Harpstrite, who has been in the city visiting friends, has returned to her home in Belle Plaine.

Mrs. Maude Brown of Colwich is visiting with her sister, Mrs. T. H. Mayberry on North Washington avenue.

The meeting of car load shippers announced in Thursday's morning's Eagle will be held tonight instead of last night.

Miss Anna Houtsteen of Elk Falls, is in the city visiting with her sister, Mrs. Mary Wales, of South Fifth avenue.

Mrs. Cliff Matson, who has been quite sick with an attack of the grip at her home, 1127 Biting avenue, is recovering.

Miss Stella Sarsen has returned to her home in Dodge City after spending a few days visiting with Miss Eleanor Moore.

Edwin K. Norris of Caldwell, who has been a substitute postal clerk for some time, is quite sick at his home with the measles.

E. E. Abell of Topeka is registered at the Curry. He reports this as being fine weather for workouts and has many horses in training.

The Uniform Rank of the Knights of Pythias are issuing invitations to an anniversary dance to be given in Garfield hall on February 18.

Isaac R. Moore of this city and Edward A. Doherty of Caldwell, who have been substitutes as postal clerks for several months, have resigned.

Mr. and Mrs. R. J. Waugh of Atka, O. T., spent the first of the week with W. A. Cole and family, 161 South Water. Their son, Neal, will remain till the middle of the month.

Dr. G. Lawrence Brown returned this morning from Muskegon, Ky., where a few days ago he was summoned to the bedside of his sister, Mrs. J. J. Adams who was seriously ill. She is now, however, very much improved.

R. L. Groves, traveling representative of the Sherman-Williams Paint company, was in the city yesterday to see the train load of paint which is being sent to southern points by his house. He said that the car load which had been ordered for Wichita was for some reason not sent and therefore it was quite a disappointment to him.
